

Home Learning (Miss Coe)

Sent home Friday 14.10.16, due in by Wednesday 19.10.16

This week we have launched Mathletics, a brilliant website for Maths. In your reading record books you have your user name and password, use these to log on to Mathletics.com

Complete the tasks under the 'Activities' section. Once you have done this, have a look at 'Times Tables Toons' - can you find the song for the 2x, 5x and 10x table?

Once you have finished the Activities, you can go on 'Live Mathletics' and compete against other people round the world!

I will be keeping an eye on how you are getting on so try your best!
