

Oak class web page on the school website has been updated with **Polar Fun Day** and **Science work** photos. Check it out!

3 Dojos available!

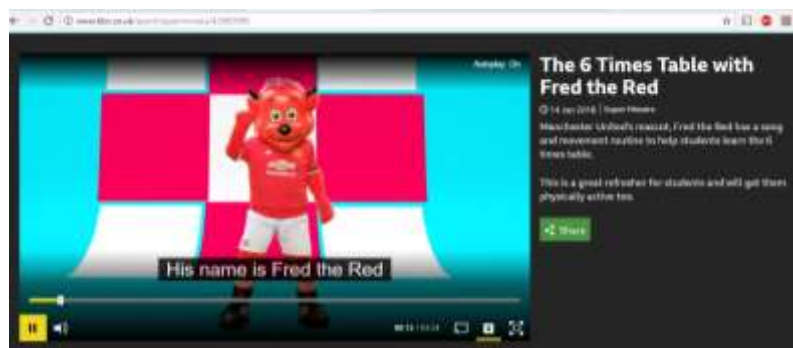

Only 20 minutes!

Outstanding Oak Class

Wow! Great work on completing your homework last week Oak class, I gave out so many dojo points! You are all getting so much faster with your times tables and really working hard on your spelling words. We enjoyed another Arctic Fun Day this week with a charity called Wickedweatherwatch.org (check it out!). We heard from an Arctic explorer and learnt about climate change. We also enjoyed a fun dance in the afternoon with a snow machine!

Times Tables Fun Work out!

Keep on practising your times tables. We are now much better at our 2s, 3s, 5s, 10s, and getting better at our 4s too.

Show your parents BBC SUPER MOVERS website:

<http://www.bbc.co.uk/sport/supermovers/42680596>

(If you click on subtitles you can see the words). Can you learn

the words for FRED THE RED- 6 Times table in your head!?

Mathematics homework (10 minutes)

You have 2 inverse calculation sheets to complete for multiplication and division.

Eg. $4 \times 3 = 12$,
so $12 \div 3 = 4$
 $12 \div 4 = 3$

Sometimes this is also called fact families.

**2 Dojo
points for
maths!**

Year 3 / 4 spellings (looks, say cover write sheet available to help learn)

We are having a big push on remembering our year 3/ 4 spellings.

Next Wednesday I will test the children on the following:

breath
breathe
build
busy
business
Calendar
Caught
Centre
Century
Certain

Reading

Remember keep on reading and updating your reading logs, these are being checked. Earn extra **dojos** for every 10 times read.

Spelling homework (test is next Wednesday 7th)

(10 minutes)

Rainbow words- write or type out your spelling words in different colours !(write the word at least 5 times).

1 Dojo point

for Spelling Homework

Alternatively, if you are feeling less colourful write out your spelling word 5 times getting bigger and bigger and bigger.

A heads up for next week

Next week we will be looking at word problems and checking our multiplication by using the inverse (division) .

We will also start writing up reports about Abominable snowmen.

Thank you for your continued support!

Mrs Habgood
