

Oak class web page on the school website has been updated with **Polar Fun Day** and **Science work** photos. Check it out!

Homework updated on class webpage

Outstanding Oak Class

**Wow, what a whirlwind of a half term! Enjoy your half term break!
Have a good rest and a fun week off!**

Maths passport

Your homework is to practise using your new math passport!

Get your parents, siblings and friends to quiz you so that you are a mental maths super star!!

Literacy

Mrs Hill has set you a factfile to complete in preparation for the first week backs work. She will explain it in our literacy lesson.

Year 3 / 4 spellings (test on Wed 21st)

We are having a big push on remembering our year 3/ 4 spellings. If you need a look/say/cover write sheet please ask and I will print one for you, otherwise keep on practising!

Next Wednesday I will test the children on the following:

complete

early

consider

earth

continue

decide

describe

different

difficult

disappear

I have had some requests for a main test soon, as some children would like the year 5/6 words as a challenge! We will do a retest of all the year 3/4 words after half term for children who feel confident. Please let me know if you think you know ALL the year 3/4 words and would like to be tested! Well done for challenging yourselves. (on Friday 24th).

Thank you for your continued support!

Mrs Habgood
