Outstanding Oak Class

WOW ! We loved sharing your maps and information about where your family is from, it was so interesting and we learnt so much from it. Thank you for your support with this.

Please can we ensure that on PE days (Thursday) school uniform is also brought into school as we need the children to change out of their PE kit after their PE lessons. Also, a polite reminder that the school PE Kit is to be worn in PE lessons rather than sports tops/designer tops/ football kits. When the sun comes back out the children will need a sunhat/water bottle and suncream. Many thanks!

Maths:

We are learning about decimals and money. If you have any money about please see if your child can help you buy things or count your money/find the change!

Here is a maths problem to solve:

Ride at the fair

Lucy had a ride at the fair. It cost her £1.75

How many ways could she have paid? (What different coin combinations)

Challenge 1: Can you pay over the amount and show the change given back?

Want to do some more??

Challenge 2: Lucy went on 10 rides, each costing that same amount (£1.75), how could she have paid for this?

Literacy:

Next week we will be continuing to write our own short suspense stories, inspired by the Zelda Cat story. Your child may want to think ahead about what their character may be scared of and their feelings. How could their character **SHOW** they are scared/worried rather than telling the reader?

Year 1/2 Spellings : Who what where when why

Year 3 / 4 Spellings words : Purpose, quarter, question, recent, regular

Year 5/6 words : Embarrass, environment, equipment, especially, exaggerate

Thank you so much for all your continued support!

Mrs Habgood
