

# Action Plan

Eco-Schools Topic Bio Diversity	Action Apply for a grant with Dorset Gardens Trust and create a fruit orchard in our wildlife area	Duration 6 weeks	Monitoring Method ECO Crew and Jen to monitor the pond weekly for signs of new species Trees to be planted and cared for watered by Oak Class
Aim To increase the number of trees on the school site and to increase the number of species in our pond	Give A Morning organized to help tidy wild areas and replant bee friendly flowers to ensure our pond area supports wildlife	Informing & Involving Plans Inform families and ask for donation of time and resources for our Give A Morning Apply for a school grant with ECO CREW Newsletter, Class Dojo and FB to advertise	Final Evaluation  We now have Pear and Apple trees bearing fruit in our orchard We now have a wider range of species in our pond – including newts for the first time!
Eco-Schools Topic Global Citizenship	Action Take part in Just One Tree Day	Duration Six weeks (including follow up lessons and assemblies)	Monitoring Method ECO Crew to monitor awareness and understanding of deforestation before and after to evaluate its impact
Aim To raise awareness about deforestation and support the replanting of trees around the world		Informing & Involving Plans Create posters to publicise the event ECO CREW to hold an Assembly All children to come to school in tree themed clothes or colours	Final Evaluation All children surveyed could talk about what deforestation meant, the impact on the climate and the countries in the world that are most affected We received a certificate from Just One Tree thanking us for being a Planet Hero School this year!
Eco-Schools Topic Water	Action To work with schools across our HUB to plan and deliver an assembly and launch a fundraising campaign on World Water DAY	Duration 6 weeks – including follow up activities	Monitoring Method ECO crew to carry out a pupil voice activity before and after the campaign

Aim To raise awareness about the people around the world that don't have access to safe or clean water

Informing & Involving Plans  
ECO and Worship committees to meet to plan worship  
Zoom meeting held between all four schools in our HUB to plan the worship we are going to lead back in our schools  
After our worship – poster and media campaign to advertise our World Water Day fundraising ideas

Final Evaluation  
All children can talk about the impact that unsafe or unclean water has on health and wellbeing  
All children know what we are doing as a school to support this and how we can help by not wasting water  
Money we raised is going towards Just One Drop and a toilet twinning project in Uganda
