

Eco Crew Meeting Minutes

Monday, July 21st, 2025

Present: Archie, Felix, Cali, Jake, Elliot, Georgia, Harry, Lena, Aidan, Scarlett, Ivy, Winter,

Georgia opened with a prayer.

1. We said thank you to our Year 4 Leavers
2. We talked about what had gone well this year - The bees are back, Just One Tree Day, Walk to School, work with the Solar Farm and Renewable energy. We talked about our Eco Action plan and what we wanted to achieve this year around Healthy Living, Marine and Transport: more recycling and less plastic, Walk to School Week and locally produced food.
3. Felix and Archie to create a poster for our Astra Clothes recycling and Team Eco Wash - we have been working on adverts in English so this would be a great opportunity.
4. We talked about how we could let the wider community and our families know about the work of the Eco Crew. We agreed that it would be a good idea to design an outdoor Eco Board too so everyone in our community could see it. Mrs Hill shared some designs as a starting point and the committee is going to go home and have a go at designing a board.
5. We will ask our families if anyone can help make an Eco Board when we have agreed a design.
6. All Eco-Committee members will make posters to advertise Just One Tree day and promote it in the Newsletter and on the school website and FB pages.

Date of next meeting: TBC
