

## Our Eco Code

*We grow our food in garden beds,  
With carrots, herbs, and leafy heads.  
We try new meals that help us grow,  
And plant-based foods give us a glow!*

*We say 'No thanks!' to plastic waste,  
And pack our lunches with planet taste.  
We clean up rivers, seas, and sand,  
With posters, art, and helping hands*

*We scoot and cycle, walk with pride,  
Or park and stroll from countryside.  
We learn to ride and cross with care,  
And plant green hedges for cleaner air*

*Together We Grow: Together We Give,  
Thinking of ways we can better live,  
With hope in our hearts, and a smile on our face,  
At WSG, we make the world a better place!*
